BRIEF ABSTRACT OF LETTER

Submits for orders an application from S Raghavendra Rao, a Damodar Dass Scholarship holder studying Mining & Metallurgy in England praying for an extension of his Scholarship for another year from 1-10-10

NOTES AND ORDERS

Mr S Raghavendra Rao was granted a Damodar Dass Scholarship of £200 per annum for 2 years from 1-10-1908 to enable him to study Mining and Metallurgy in the Birmingham University. The Govt in his letter No 6950/466

y/the 18th January 1910 has recommended that the Scholarship of Mr Raghavendra Rao may be increased by £50 per annum during the 2nd year These papers have been submitted to the Dewan on 1-2-10 with D No 4958

2 The present application is for the continuance of the Scholarship for another year from 1-10-1910 Professor Bodman of the Birmingham University speaks very highly of the abilities of Mr Raghavendra Rao and strongly supports the applcn. The D/I requests early orders in the matter

sanctioned by Govt

4 In the concluding part of his letter however he applies both for the extension of the period of scholarship for a year and the enhancement of the amount by £50 In the ~~recommenda~~ letters of Professors Cadman & Mr Arnold the Educational Adviser, there is no recommendation. enhancement of Scholarships but only for extension of the period of scholarships

Secretary) 21/7/10

5 The scholarship at the present rate may perhaps be extended for one year but this will mean either that the money will have to be drawn upon or the new scholarships postponed for a year

Sir, With reference to the order of the Government of Mysore No 3905 Ed^n 112-09-2 dated 4^th Nov^r 1909, on my letter of the 3^rd Sept^r 1909, I most humbly beg to State that on account of the extreme hardship involved and of the necessarily defective mining practical experience I am compelled to have with the existing allowances I have ventured to Submit my request for the reconsideration of the Government

As the reasons for the Governments refusal to sanction the enhancement have not been communicated in their order to me, I am unable to satisfy them on the score of any objections that might have been raised I humbly beg permission to State that the amount applied for viz £50 is absolutely necessary in consideration of, firstly the heavy charges of a combined first and second year Course I have just finished, and secondly of the very heavy premiums demanded by the Mine Managers here, even for the enforced period of two months in the year as per University Regulations

Sir,

I am informed by Mr S R Rao that he has petition-ed the Mysore Government for an additional sum of £50 to enable him to obtain the necessary practical experience required prior to obtaining his degree in this University

Mr Rao has at present so I understand £200 per year for subsistence and payment of fees etc As the University fees approach £50 he has little over £150 for lodgings etc which leaves him nothing for premiums demanded by the mines for practical work during the vacations

The scholars from the Indian Government, receive £150 for board and lodging with all University and Mine fees, and travelling expenses in this country paid, so that you will readily understand that Mr Rao's application is not unnatural under the circumstances, indeed his request is well founded and genuine

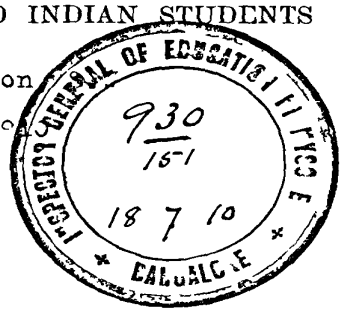
29th June 19



Dear Sir

In continuation of correspondence ending with my letter of the 1st June I beg to transmit herewith (in original) an application received from Mr S Ragnavendra Rao through Professor Cadman of the Birmingham University for an extension of his Scholarship which expires on the 30th September next Professor Cadman has informed me that Mr Rao is one of the best students the University has had from India and that he is well deserving of a renewal I am not aware however whether it is the practice of the ~~Government~~ Government of His Highness the Maharaja of Mysore to grant extensions and have to request that you will inform me what reply I am to send to Mr Rao

With regard to Mr Rao's application for extra allowances I have informed him that the Government of Mysore has not placed in my hands any funds for the use of its Scholars but that I would forward his application for consideration

Yours faithfully,

Dear Sir,

I have the honour to enclose a letter from Mr Rao requesting me to recommend him for the Scholarship, which I have great pleasure in supporting.

Mr Rao has shown exceptional ability during the last two years. He is one of the most promising students that has passed through the department and his future work would render him much more efficient, & would be of considerable service to Mysore may be fortunate enough to secure him on his return to India. I have reason to know that he would make the best use of an extension of his Scholarship should it be granted.

It would be in my opinion a pity were Mr Rao on his return to India unable having extended his knowledge in the practical side of Mining.

I recommend Mr Rao case most strongly to your consideration.

I am

Sir,

In consideration of the my tenure of my Scholarship expiring by September next, I humbly beg permission to submit an application for an extension of Scholarship for one year

I might remind you, with your permission, that on account of inadequacy of funds, I have not been able to take the fullest advantage of the period I have been here, and that most of my leisure time which provided with necessary funds, I should have spent in practical work at the mines, had therefore to be utilised to much less advantage The cost of a combined first and second year normal course and the high fees it involved compelled me to apply for an extra allowance of 50£ and I regret to say that the Government have not yet been pleased to sanction the amount

In consequence, I shall have to stay another year and devote my time principally to practical work I, therefore, very humbly request that you will be pleased to allow
